Survey Is Made For Delivery of Mail In Hamlin

A survey was made this week in Hamlin by a representative of the post office department, to determine if Hamlin meets all requirements for inauguration of free city delivery of mail.

Unofficially it was learned that all requirements have been met except for the naming of streets and the numbering of houses. However, even after this requirement is satisfied and final approval given, it is likely that several months will elapse before the first deliveries could begin.

Members of the city council have been studying a proposal for street naming and house numbering, submitted recently by a joint committee from the Lions and Rotary clubs. It was reported this week that a final determination on the project will be made within a short time, when some plan is expected to be approved.

The postal inspector who conducted the survey is said to have given approval to tentative plans drawn up by the committee in co-operation with the council.

The plans approved by the inspector vary only slightly from the original proposal of the committee, however minor details and changes are yet to be worked out before the proposition is finally adopted by the city council.

Hamlin Track Team Wins In Meet of Snyder

The Hamlin track team took first place in the Snyder invitational track meet held in the Scurry County capital Tuesday afternoon.

Only four teams participated in the event, Coach Jesse Burditt said. The other three teams were Snyder, Roscoe, and Ira.

The Hamlin trackmen piled up 47 points for first place; Roscoe was second with 42. Snyder took third with 36 and Ira trailed with 20 points.

The Snyder meet is the last preliminary meet for the locals before the district track meet to be held at Merkel Saturday of this week.

Burditt said he plans to take 20 boys to participate in the senior division in Merkel and a number of boys to take part in the junior high division.

Trackmen who win races in the Merkel meet will be eligible to enter the regional track meet in Abilene.

Methodist Church to Have Organ, Chimes

Installation of an electric organ and chimes will be made in the First Methodist Church of Hamlin this week, it was announced this week by Dr. Will C. House, pastor.

The organ, a Baldwin electric, will be installed Friday. It was brought by voluntary contributions of members of the church.

Plans are being made to use the organ in Easter music services in the church, Sunday morning, April 17, Dr. House said. And an organ recital will be given Sunday evening, April 17.

Piper Baseballers Whip Throckmorton

Winning easily in their first district contest, the Hamlin High School baseball team defeated Throckmorton by a score of 23 to 8 at Throckmorton last Friday.

The Pipers were playing their first home district game Thursday afternoon, when Anson came here for a contest.

In the Throckmorton game, all members of the Piper team got hits, and Clifton Townsend and Lewis LaBaume were each credited with home runs.

The Hamlin team will play Merkel here Friday, April 15 in the second home game in the district schedule.

Shown above are members of the driver training class of Hamlin high school, gathered around the Ford automobile used for the training. Back row, left to right, Jimmy Feagan, Ann Agnew, J. B. May, Lewis LaBaume, Earl Putnam, Jackie Williams, Jimmy Joiner, Alfred Ellison, Jack Herd and Nathan Stephens. Second row, left to right, Janet Bonner, LaNell Coltharp and Wanda Everton. Front row, left to right, Carol Phipps, Stanley Butler, C. L. White, Thee Hill, Kenneth Fudge, Dolores Jones, Nadine Blount, Wilma Moore, Barbara Rodgers and Peggy Terrell.

Odessa-Abilene Teams Play Here

Odessa Oilers Play Exhibition Game With Hamlin April 12; Local Team Will Organize

Hamlin baseball fans will have an opportunity to see two teams from the Longhorn league in action on the local diamond, when the Odessa Oilers play the Abilene Blue Sox here Saturday afternoon, April 16.

The game in Hamlin was arranged by Manager A. D. Ensey of the Odessa Oilers. He will bring his team to Hamlin Tuesday of next week for an exhibition game with the Hamlin layers Tuesday afternoon.

The Oilers will spend the next four days in Hamlin training for the opening of their league schedule. The game with the Abilene Blue Sox will be a practice session for both clubs.

The Hamlin baseball club was reorganized last week when Hollis Madden of Neidra was named business manager, Lester Marton was elected treasurer, Chuck Abbott was selected for field manager and Benny Ford was named assistant.

Representatives of the local club will go to Trent Friday night to attend a meeting of other clubs in this area, with the intention of joining the organization. Other clubs in the loop are Trent, Merkel, Divide, Loran, Roscoe and Sweetwater.

It was emphasized this week by Abbott, field manager for the local organization that no Sunday night nor Wednesday night games will be played here.

The club voted to hold those nights open because of conflicts with church activities.

Abbott said 17 men are working out this week for places on the

Coyote Hunters Bag One in Night Hunt

One coyote was killed by a group of Hamlin and Abilene hunters on the Sedberry ranch north of Hamlin early Sunday morning.

The hounds jumped the coyote about 1 a. m. Sunday morning, and the animal was caught and killed about 4:30 a. m.

Abilene men on the hunt were J. L. Poore, Pete Slack and Buster Evans. Hamlin men were Oscar Williams, Dick Moore, Harry Stacey, and J. M. Wells. Allen Shipp and Jack Neal of Flat Top were also in the party.

35 Ballots Voted in Election Here Tuesday

Only 35 voters went to the polls in Hamlin Tuesday to cast their ballots in the election for city council positions.

O. D. Roland, incumbent, was the unanimous choice of the voters, and received all 35 votes for reelection. I. R. Witt, incumbent, was reelected, but received only 26 of the 35 votes. W. L. Cash, a write-in candidate, was given seven.

African Picture Will Be Here for Showing Friday

With a matinee scheduled for school students early in the afternoon, the highly-rated "African Adventure" full-length color movie, will be shown in the High School auditorium here twice Friday April 8.

The picture is sponsored by the Hamlin club, which will participate in the proceeds from the entertainment.

Made during a big game hunt in Africa by W. G. McMillan, Lubbock sportsman, who with his family spent several months in British East Africa, the picture shows actual scenes from the jungles.

Outstanding in the feature will be a picture of 100,000 animals in mass migration. Native African warriors are shown as they prepare for conquest, and one scene shows a wild lion actually stalking a photographer as he attempted to maneuver his camera into position to get a shot of the animal.

Other scenes will show how elephants get water when the rivers of Africa dry up, how a herd of giant elephants camouflage themselves, and how some of the people live and thrive on a diet of milk and blood.

The picture runs for one and one half hours. Tickets are available from any member of the Lions Club.

HAMILTON PROMOTED

Pvt. Billy J. Hamilton, son of Mr. and Mrs. Easy Hamilton of Hamlin, was recently promoted to private, first class, it was announced this week by the 7th Cavalry Regiment in Tokyo, where he is stationed. Hamilton was given the promotion because of his excellent driving record. He has been assigned as driver for the troop commander in Tokyo.

NEW CC MEMBERS

Two new members were added to the Hamlin Chamber of Commerce during the past few days, Mrs. E. M. Wilson, secretary, said Wednesday. The new members are A. C. Hall, Paint and Wallpaper Store, and Bill's Food Mart.

Hospital Is Leased For 5 Year Period

300 Will Attend Zone Lions Feed Here on April 15

Plans for entertaining from 300 to 400 guests were being made this week by the Hamlin Lions Club, as preparations went forward for the Ladies Night banquet for Zone 5, to be held here Friday evening, April 15.

Visitors from nine clubs in the zone are expected to attend the entertainment, Stanley Carmichael, the president of the Hamlin club, said.

The banquet will be held in the Elementary School gymnasium and the meal will be prepared and served by members of the homemaking classes of the high school.

Tickets for the event went on sale last week, and early reports indicated that a record crowd of local members, as well as out of town visitors will attend the banquet.

Entertainment will be provided by the Abilene Christian College, which has announced that 20 people from the music department will be here for the program. Both vocal and instrumental music will be given during the evening. No speeches will be made at the banquet, Carmichael said.

Drs. Haag and Hocott Buy Hospital in Freer; New Doctors to Come in May

The Hamlin Memorial Hospital was leased this week for a period of five years, it was announced Wednesday by members of the board of directors of the institution, following a meeting Tuesday evening.

Names of the doctors who have leased the institution were not made public immediately, board members said, but will be announced as soon as the doctors have to sever their professional connections where they are now practicing.

The lessors are men of fine reputation, both professionally and personally, members of the local board said, and are now working in other hospitals in West Texas.

They are expected to come here early in May to take over operation of the local institution.

In announcing the leasing of the hospital, the board also said that the privileges now enjoyed by the share holders in the hospital will be protected. Rates for rooms and service in the hospital will be comparable to that charged in other hospitals in this area, members of the board disclosed.

Dr. J. F. Hocott and Dr. E. L. Haag, who have served as physicians for the hospital for more than a year, will leave here soon for

Freer, Texas, where they have purchased a hospital.

Dr. Haag will go to Freer May 1, and Dr. Hocott will leave here May 15 for their new location.

Haag came here from Greenville more than a year ago. He was formerly a resident of Abilene, where he was reared.

Hocott has been a resident of Hamlin for 18 months, and came here from his home in Luford, Texas.

A complete statement will be made by members of the board of directors, as soon as final details of the lease agreement have been worked out. At that time, they said Wednesday, they will disclose all the details of the lease.

TB Clinic to Be Held June 16-23 In Jones County

June 16 to 23 will be the dates for the Jones County tuberculosis clinic, to be held in Stamford and Anson, was announced this week by Stanley Carmichael, chairman of the campaign for Hamlin.

The clinic is conducted by the state health department in a statewide campaign to wipe out tuberculosis, according to Joe Breed of Anson, county chairman.

Hamlin had asked for a clinic to be conducted here, but the state chose Anson and Stamford because of their more central locations in the county.

"It is not the policy of the department to conduct more than two clinics in any one county," Breed said. Anson was chosen because it is near the county's center, and Stamford was selected because of its larger population, Breed explained.

Hamlin residents may go to either of the clinics for the x-ray examination, which will detect unsuspected presence of the tuberculosis germs.

The Stamford clinic will be June 16, 17 and 18, and the Anson clinic will be June 19, 20, 21, 22, and 23, Breed said.

It is the purpose of the state department to check all persons more than 15 years of age. Children younger than 15 are not generally susceptible to the disease, it was pointed out.

It is not necessary for the person to undress or disrobe for the x-ray tests, and it takes only two minutes per patient, it was said.

There is no charge for the tests, and all persons above the age of 15 are urged to attend one of the county clinics for the free service.

Schoolmen From 16 Towns Visit Here

Schoolmen from 16 towns in this area were guests of the Hamlin school officials Monday evening when I. R. Huchingson was official host to the Schoolmaster's Association quarterly meeting.

A chicken dinner was served in the high school cafeteria, following which a program was given for the 80 persons who attended the meeting. It was voted to hold the next meeting in Sweetwater in October.

Towns represented at the meeting were Abilene, Trent, Snyder, Fluvanna, Lueders, Merkel, Highland, Roscoe, Roby, Sweetwater, Rotan, Colorado City, Aspermont, Stamford, McCaulley and Hamlin.

HAS OPERATION

Mrs. Kenneth Hopper underwent an "operation" in Callan Hospital, Rotan, Tuesday morning. Her condition is reported to be improving.

Tate May went to El Paso Tuesday on business. He will return to Hamlin Friday.

Drillstem Test on Well, Promising

Good Production Found at 4,730 Feet; Other Wells Near Pay Zone in Hamlin Area

A drillstem test, made in the Woods Drilling Co., Bradford Shell discovery, two and one half miles west of Royston, indicated excellent production as casing was cemented in the hole this week, preparatory to an official gauge of potential production.

The well, originally scheduled as an Ellenburger test, was drilled to 4,738.5 feet. The test was made from 4,730-55 feet.

Gas appeared at the surface in about seven minutes, and the tool unloaded 1,612 feet of clean oil with no water indicated in either test.

Casing was cemented at 4,730 feet.

The original permit called for a depth of 6,500 feet. The well is located 650 feet from the north and west lines of S. A. Bradford pre-emption survey.

Dual gauge was completed last week end on the Texas Pacific Coal

& Oil Co., No. 1 Pardue & Toler, northwest of Hamlin. The completion is in the swastika and the Ellenburger, through perforations at 5,950-84 feet in the Ellenburger where initial production was 20 barrels an hour.

The Texas Pacific skidded its rig from the Pardue & Toler to an offset location on the Port H. Williams, immediately south of the discovery well. Permit is for 6,100 feet with rotary.

Ten miles west of Hamlin the Round Top Oil Co. has staked an outpost three-quarters of a mile from the reef production in Round Top.

The well will be the No. 1 J. B. Terrell B. and the permit is for 6,000 feet with rotary tools.

Official gauge of 355.52 barrels of 42 gravity oil in 24 hours was made for the Texas Company No. 6 D. W. Stephens, south offset to production in the Round Top area.

Production was through quarter-inch choke with 365 pounds on casing and 20 pounds on tubing from 64 perforations in the reef at 4,804 feet.

General Crude was nearing completion on the No. 1 Y. Flores this week. The well topped the reef at 4,690 feet and casing was cemented at 4,700, with the bottom of the hole two feet deeper.

General Crude, drilling the No. 1 Gonzalez, was at 4,740 feet late Wednesday and expected to pick up the reef some time Thursday.

The Dr. W. H. Bryant No. 2-B Towne was reported at 3,125 feet Thursday and drilling ahead for reef production.

Only .02 of an Inch Of Rain Last Friday

Hamlin received only two one-hundredths of an inch of rainfall last Friday to usher in the month of April, traditionally the "rainy" month in this area.

The slight moisture made only a slight change in the year's total of 3.82 inches, according to the weather gauge at the City Pump Station.

Three of the more than 300 people who attended the Hamlin Chamber of Commerce banquet last Thursday evening are shown above. All from Hamlin, they are, left to right, Mrs. Joe Cubertson, Mrs. Dan Jones and Mrs. J. C. Turner Jr.

A Year to Live

What would you do if you been given only a year to live, and had \$10,000 to spend?

That question asked last week by a woman in Oklahoma City elicited answers from every state and many foreign countries, all advising the woman just how to spend the last 12 months she has been allotted in this world.

It is passing strange, however, that few of the letters touched a vital philosophy of life. Most of them advised the spending of her time in self-enjoyment, or the endowing of some great and worthy cause, or urged her to devote her time to prayer and spiritual meditation.

There is none of us who know how much more time we have upon this earth. Life for all of us is uncertain, and death is sure. To those of us who seem to have the promise of indefinite years, death is only dream—one which we dislike to entertain within our minds. But all of us know that sometime, some where down the coming tomorrows we must pay the price for Adam's sin.

Those who follow the precepts of Jesus, as taught in His words, need have no worry about what they would do if given only a year to live. If they have been sincere followers of the Man from Galilee, they would make no change whatever in their mode of living.

It is only those whose lives have not conformed to the Divine pattern who become alarmed and upset when some doctor utters the solemn sentence of death. Only those who have wasted their years, and who have neglected their talents and who have failed to learn actually to live, fear the sinister approach of death. To the ones who have adopted a righteous pattern of life, the approach of life's end comes as a benediction rather than as a terrifying end to existence.

It is too bad that any person who has

attained the age of more than half a century has groped through life without ever having lived. Perhaps, instead of seeking further medical advice, the woman would do well to seek spiritual instruction that she might turn her last 12 months into an effort to conserve the waning tides of her influence, that the termination of her existence should be less of an ordeal and more of a victory.

It was an intense man from Tarsus who had invested his life in Godliness that uttered these words: "I am ready to be offered . . . the time of my departure is near . . . O, Death, where is thy sting? O, Grave, where is thy victory?"

The Way to Accomplishment

The Hamlin Herald offers congratulations this week to a neighboring town—one whose population is comparable to that of Hamlin, but whose feats of accomplishment are far outstripping our own.

The Herald is referring to Anson, our Jones County neighbor, who will soon have the benefits of free city delivery of mail. The thing was accomplished because Anson civic and business leaders, aided by the municipal officials, went to work and made the necessary improvements to meet the requirements for city delivery.

Anson civic leaders started working on this project about the same time that Hamlin residents began working on a similar project. Now the Anson project is nearing the goal of completion, while our own has not yet emerged from the "talk" stage.

The county seat civic leaders have demonstrated an age-old truth: the only way to complete a job is to do it. Perhaps it would be well for Hamlin civic leaders to visit the county seat and study their effective methods—after we have exhausted all of our talk on the proposition.

Incidentally, Hamlin cannot obtain city mail delivery until and unless we complete our house numbering project.

THE AMERICAN WAY

A Headache No Doctor Can Cure

AFL President Cites Provisions of Taft-Hartley Law; Says 'Slave Labor'

By DeWitt Emery

Now it can be told. At long last, William Green, President of the A. F. of L. is on record concerning what—in his judgment—makes the Taft-Hartley Act a slave labor law. Here's what he says:

"The Constitution of the United States provides that involuntary servitude shall not be imposed on any individual except as punishment for crime. Yet the Taft-Hartley Law authorizes the use of injunctions which when applied compels workers to work against their will. That is slavery and involuntary servitude, practiced in a free America. How would employers feel if they were enjoined to work against their will and at a loss? It matters not how long a man is compelled to work—for one minute or one second—it is compulsion, and if he is forced to work against his will and go to jail as a consequence of refusing to work, he is victim of involuntary servitude and slavery! You and no one else can deny this fact."

How do you like that? According to Green, workers are slaves because the Taft-Hartley Act gives the government the right for example, to go into court and get an injunction to keep babies from starving when a strike prevents their getting milk, forcing the workers to stay on the job doing their regular work at their regular rate of pay while the union and employer negotiate a new contract.

Apparently, Mr. Green feels that it's perfectly all right for him and a small handful of other labor union bosses to have life and death power over this nation's five hundred fifty million people; that it's all right for these labor union bosses to be able whenever they wish to shut off food, fuel and everything else for everyone in the country; that the public has no right at all to protect itself in any way against anything union labor wants to do. In case he doesn't know it, some one should tell Bill Green that it's exactly this attitude, "union labor can do no wrong," which was responsible for the people forcing Congress to pass the Taft-Hartley Act. They got fed all the way up to the ears with mass picketing, intimidation, coercion, goon squads, anarchy, with being kicked all over the lot by a small group of selfish, self-centered, self-seeking, unscrupulous labor union bosses.

This "slavery" idea of Green's, however, has some rather intriguing aspects. I've heard the income tax law called many hard names

and heard it denounced from several different angles, but I never heard it called a "slave labor law." However, according to his reasoning, that's exactly what it must be.

Take my case as an example: Every year I work about twenty-five percent of the time for the federal government. This very definitely is against my will and because it is, I am, therefore, a "victim of involuntary servitude," which must mean that I'm a "slave" of the state. I don't like being a slave, and if those of you who pay income tax and are therefore, victims of servitude, also object to being slaves perhaps we should do something about it. Maybe by all working together we would force our "masters" to repeal the "income-tax-slave-labor-law." I'll be glad to spearhead the movement if you'll back up on it.

'Free Medicine' Called More Costly Than Present Free Choice System

By George Peck

As a concerted effort is being made to foist so-called "Free Medicine" upon this nation, it might be well to explore in this and subsequent articles, what has happened in other countries that have adopted medical care plans similar to that proposed for America. Such a study should reveal whether or not national health will be improved if we do not follow suit.

The term "Free Medicine" is not used by the proponents of this proposal. They call it "Compulsory Health Insurance." What you call it is socialized, nationalized, state or political medicine.

The scheme of putting a state into the medical business was originated by Adolph Wagner, a German political scientist and economic advisor to Chancellor Bismark, late in the nineteenth century. He saw the political usefulness of social insurance, and sold the idea to Bismark who established in Germany the world's first system of compulsory insurance. (It may be pure coincidence that a gentleman of the same name, German-born Senator Wagner of New York, has been one of the chief sponsors of the various bills that have been proposed for compulsory health insurance in the United States—or it may not be.)

Bismark was not particularly interested in whether or not the people received medical care. His underlying thought was to get money into the treasury; the benefits to be received by the people would come later. To him, political control of the medical care system meant putting considerable money into the hands of the government and a more firm control over the lives of the people. Bismark was such an extremely shrewd politician that he is still being imitated by small politicians the world over, and, unfortunately, by some here in the United States.

Germany has had a form of socialized medicine for more than 60 years. Before World War II, the official regulations had progressed to the point of rigid standard prescriptions and fixed dosages for several common ailments. Physicians who ventured beyond the official text did so at their personal and professional peril.

Dr. Edward H. Ochsen, former President of the Illinois State Medical Association, testified before the Senate Labor Committee on May 29, 1946. In response to a question as to whether or not socialized medicine had improved the general health of the German people, he stated that in 1885, shortly after the plan was launched, the average number of days lost because of sickness was 14.1 a year for each insured person. By 1890, this average had increased to 16.2; in 1913, 20.6; and in 1932, the last year for which statistics are available, it was 29.3. He stated that under the American system the average loss of days was 6.2 per year for employed workers.

Dr. Ochsen further stated that while the German doctors were so

busy they had no time for discussing personal hygiene or preventive medicine with their patients. Much of their time, however, was taken up with trivial problems. He related the experience of one government physician in Berlin who made 23 house calls in five hours, with 30 minutes out for lunch. Each call that day averaged -2 minutes, including traveling time from house to house. A check of the hospitals disclosed that between 60 per cent and 70 per cent of all cases were hospitalized unnecessarily. His investigation showed that German physicians were seeing as many as 66 to 80 patients in a two-hour consultation period, and the average time for diagnosis was considered to be three to four minutes.

During postgraduate studies in Hamburg, Dr. Ochsen was associated with about 50 other physicians. They told him that it was not the most conscientious and efficient, penel physician who had the largest practice, but the one who was liberal with sick benefit certificates.

So much for Germany. There is no reason to hope that so-called "Free Medicine" would work any better in America than it has in Germany. From the health standpoint, to say nothing of the financial, "Compulsory Health Insurance" would prove to be "Expensive Medicine." As a nation, we just can't afford it. Let your Congressman know that you prefer to your medical business with an efficient private practitioner rather than with an inefficient purveyor.

True dignity is never gained by place, and never lost when honors are withdrawn.

4,000 Children Given Treatment In Year of '48

Almost four thousand Texas children from more than 225 counties have received beneficial services and aid to happy, normal living under the Crippled Children's Division administered by the State Health Department, during the calendar year 1948. This information is shown by the annual report issued by Dr. Geo. W. Cox, state health officer.

According to Dr. Cox, the most commonly treated conditions are late effects of acute poliomyelitis, cerebral palsy, osteomyelitis, tuberculosis of joints, cleft palate, hare-lip, and clubfeet. Although the services are provided for children from birth to 21 years, the largest group treated were from the age bracket of 5 to 14 years.

The help given these crippled children represents 3,747 clinic visits, 43,433 days of hospital care, 2,897 days of convalescent home care, and 4,986 doctor's visits.

"As long as sufficient state funds are available, any crippled Texas child of normal mentality, under twenty-one years of age, whose parents or guardians are unable to pay for proper care, is entitled to the help of the Crippled Children's division," Dr. Cox said, "if his doctor believes that it is reasonable to expect that the child can be improved through hospitalization, medical or surgical care, artificial appliances, or through a combination of these services."

Parents of crippled children should make application for this assistance by completing application forms, which should be signed by the physician and approved by the County Judge. The application is then mailed to the Crippled Children's division, Texas State Department of Health, Austin.

Anson Organizes Town Hall Group In Program Plan

The newly-formed Anson Town Hall Association elected its first group of officers during a meeting held in the Memorial Building Monday night.

The officers elected were: George von Doeder, president; Mrs. E. M. Pittman, vice-president; Mrs. Vada Rubick, secretary; and Lawrence E. Dooley, treasurer. Following their election, the officers selected the following to serve as directors: Durwood Owens, Charles Roberson, Ed. W. Sprows, Miss Mary Hale, and Mrs. Frances Campbell who was also selected to head the membership committee.

The Anson Association is an affiliated chapter of the Southern Town Hall Association, and was organized to bring to Anson and surrounding communities a series of programs providing cultural entertainment for members. Programs to be offered will be anyone who is interested in the eligible to join. It is planned that a varied program, including music, a magician, a play and a well-known speaker be provided, with the final selections being based, insofar as is possible, upon the interests of the majority of the members.

The initial job of the Association is to obtain the necessary membership to secure a contract and bring the best possible programs to Anson. Members of the Association are entitled to attend the entire season series, which will begin in the fall of 1949 and continue through the early spring. A minimum of four programs will be offered, with the probability of a total of five programs being presented, depending upon the size of the membership. Membership fee is \$5.00 for adults, and \$3.00 for students, and it is pointed out that the membership fee is all the mem-

News From Our Neighbors

Events from nearby towns, taken from other papers.

MUNICIPALITY—The FFA and 4-H project show, originally planned for April 9, has been postponed to Saturday, April 16. The change in dates was made because of a conflict with the district track meet at Merkel, April 9.

MUNDAY—Contract for construction of a drainage system for Munday was let to R. Lee Halford of Rockwall, who expects to begin work on the project within a few weeks. Halford bid \$26,588.20, which was the lowest of 23 bids submitted.

ROTAN—Officers recently elected by the Rotan Lions Club were installed last week. They are: H. P. Rallsback, president; Jack Wilhite, 1st vice president; Dave Posey, 2nd vice president; James Springer, 3rd vice president; Bill Day, secretary; H. F. Grindstaff, lion tamer; Ross Burnes, tail twister. R. E. Seales and H. B. Campbell were added to the board of directors.

ROTAN—J. A. Brown, owner of extensive orchards in this area, said last week prospects for a large fruit crop this year are excellent.

ROTAN—Rites for Mrs. Willie Mae Shipp were conducted in the Church of Christ last Tuesday afternoon. Mrs. Shipp, a longtime resident of the Harmony community, died Sunday night.

POST—A young Kent County boy, who had been held in jail for several weeks on burglary charges—and who escaped to perpetrate other robberies—went AWOL from church last week. The boy, who was permitted to accompany a court house employee to revival, services, eluded his escort and fled from the church. He was picked up next day at Claremont, and told officers he had ridden a bicycle from Post to that place.

POST—Annual banquet of the Post Chamber of Commerce will be held Monday evening, April 11. Rev. Dick O'Brien of Big Spring will be speaker for the occasion.

STAMFORD—Jessie Myers, former Hamlin resident, represented Texas Cowboys Reunion at the Cattle-King livestock show and rodeo April 1 and 2. Miss Myers was winner in the sponsor contest of the Reunion last year.

STAMFORD—Lightning last Friday morning killed a cow on the farm of R. A. Gillespie in the Rockdale community.

STAMFORD—Complete renovation and remodeling of St. John's Methodist Church was completed last week. The remodeling was done through gifts from Mr. and Mrs. R. B. Bryant, who paid for the work as a memorial to their late son-in-law, Captain Earl Russell Jr., a casualty of the World War.

STAMFORD—Lois Munoz, 10-year-old daughter of Mr. and Mrs. Delfine Munoz, suffered cuts on her nose last week when a switching MK&T freight engine struck the pickup truck in which she was riding with her parents.

LUEDERS—Work on the American Legion hall is nearing completion and members of the organization are looking forward to being able to use the building within a few weeks.

STAMFORD—Mrs. J. F. Mitchell, 56, a resident of Stamford since 1901, died in Stamford Sanitarium last Tuesday. Rites were conducted Thursday.

SWEETWATER—A high wind last Monday evening was blamed for the death of William G. Clark, oil field worker, who fell 70 from a derrick and was killed in the impact.

SNYDER—Funeral services for

Lee Chastain, 56, Scurry County farmer, were held Sunday afternoon in the First Baptist Church. Chastain died Friday in Snyder General Hospital.

STAMFORD—Rites for Mrs. Annie Elizabeth Bland, 74, were conducted in the Swenson Avenue Baptist Church here Sunday. Mrs. Bland died in the home of a foster daughter Friday.

MERKEL—Commencement exercises for Merkel high school will be held May 24, with baccalaureate sermon slated for Sunday, May 22, it was announced this week.

MERKEL—Louie Herring and M. H. Ely were elected trustees of Merkel Independent district in the election Saturday.

ROTAN—In a heated election that exhausted the supply of ballots before 5 p. m., Rotan voters Saturday cast 478 votes in the election for trustees of the school. Winners in the election for trustees of the school. Winners in the election were Ben Hargrove, Lon R. Weems, incumbent, L. A. Sparks, R. F. Morris, Ted McArthur, Alvin Gruven, incumbent, and Alfred Rives. Recent annexation of the Wright school in Stonewall county made it necessary to elect a full slate of trustees.

SNYDER—A city-wide clean-up campaign will be inaugurated in Snyder the week of April 11-16.

SNYDER—Scurry County annual Red Cross fund campaign bogged down with little more than half of the country's quota raised when the drive ended. Donations from the county totaled \$2,472. In the city of Snyder a total of \$1,450.80 was raised.

SPUR—More than 100 head of livestock was entered in the annual Dickens County fat stock show held in Spur last Saturday.

ported by the department of commerce this week. The total figure was considerably higher than the 1947 total, which was 46,908 bales.

ROBY—Bonds of \$1,000 each were set for three Fisher County men, held here on charges of burglary. The men are James Rushing, 30, Ben F. Smith, 22, both of Rotan and Dwight Goodwin, 19, of Roby. The men are accused of having burglarized two service stations for a total of about \$30.

HASKELL—Rites for James A. Bartley, 45, were conducted last Saturday in the East Side Baptist Church. Bartley died in the family home last Thursday following an illness of more than a year.

HASKELL—More than 300 persons gathered in the First Baptist Church of Rochester last Sunday for an all-day anniversary celebration. The church was founded in 1899.

HASKELL—Funeral services for Mrs. Sarah Brannan, 79, longtime resident of Haskell, were conducted in the East Side Baptist Church last Saturday. Mrs. Brannan died in the family home Friday.

HASKELL—A wrist watch that had been lost for two years was found last week by Buck Bland, farmer of southwest of Haskell. The watch was lost in a field where Bland was plowing, and was recovered after having been exposed to the elements for the two year period. Bland said the watch keeps perfect time in spite of its long exposure to the weather and the dirt.

Partners in Business Lose Pension Rights

"Individual owners and partners in business" concerns sometimes lose old-age insurance benefits because of their failure to file an application," Ralph T. Fisher, manager, of the Abilene Social Security Administration said this week. He said that in a recent claims case there was a loss of \$3,028.28 to a wage earner and his wife due to the failure to file an application.

The wage earner in this instance had been a full time employee for several years under social security. This employment was sufficient to give him a permanently insured status. Some time later he became a partner in the firm, and as such, became self-employed, and exempt and exempt from coverage by social security. He continued in this capacity until age 70, five years past the time of his and his wife's eligibility to old age insurance benefits. During these five years, total benefits of over three thousand dollars could have been paid to this elderly couple.

Fisher emphasized that if all workers would contact the nearest social office on attaining age 65, whether or not they intend to continue to work, such loss of benefits could be kept to a minimum.

Hamlin Scouts Going To Lueders Camporee

Several members of the Hamlin Boy Scout troop will attend the annual camporee for Boy Scouts from Jones, Haskell and Shackelford counties. It was said this week.

The camporee will be held April 15 and 16 at Swenson Jog, eight miles north of Lueders on the Clear Fork of the Brazos river.

It is anticipated that 200 scouts and adult leaders will attend the event. H. H. Dunkoin, Avoca scout commissioner, has been named director of the camporee.

Scouts from Hamlin, Hawley, Anson, Lueders, Avoca, Stamford, Moran, Albany, O'Brien, Rochester, Rule, Weinert, Paint Creek and Haskell will be present.

These are the people

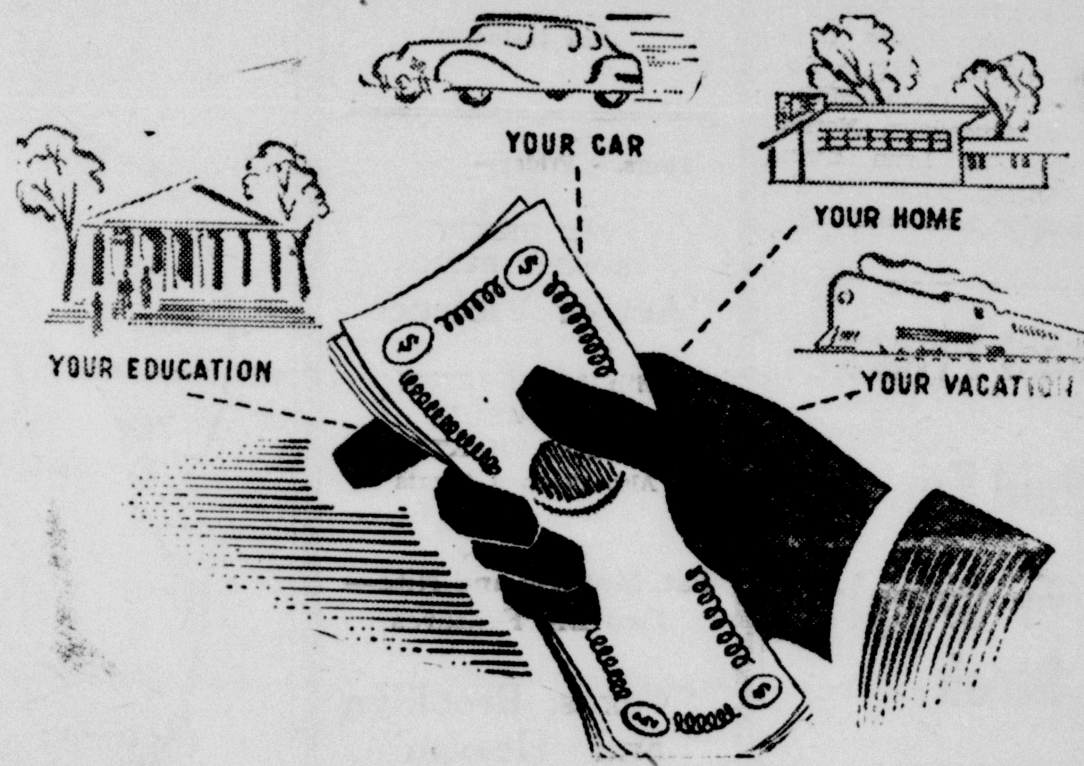

THESE are the people who own your electric light and power company. Chances are you are one of this group, too.

They represent a cross-section of America—housewives, doctors, teachers—industrial workers, craftsmen, farmers—mechanics and milkmen. Yes, people from all walks of life have put their savings into companies like ours. They're direct owners.

But there are countless indirect owners, too—many who don't know they have a stake in the electric industry. They're people with life insurance policies and savings accounts. When banks and insurance companies accept your money, they must invest it wisely and productively. And because business-managed electric companies have a long record of successful service, much of that money is invested in utility securities.

So, you see, the electric industry is owned by the people it serves.

Your SECURITY Is In Your Own HANDS

Yes, the security of each of us in our own hands. We need not look to some ephemeral promise made by prince, potentate or politician. We need only to look to our own habit of saving. And your security begins the moment you start putting aside a portion of your regular earnings in a savings account... or better yet, when you start the habit of buying United States Savings Bonds regularly.

Come in and let us explain how you may purchase a bond a month without having to bother about signing up for each of the securities. We'll just charge your account with the cost each month and you'll be buying real security for a future of happiness.

Steady to Stronger Prices Seen in Southwestern Market Trends of Week

Most southwest farm products brought steady to strong prices for the week despite lower trends on hogs, cattle and some feeds, the U. S. Department of Agriculture's Production and Marketing Administration reported this week.

Supplies of winter vegetables continued to shrink in the southwest during the past week, as spring crops and planting progressed under favorable weather conditions. Beets sold stronger in the Lower Rio Grande Valley as half crates loaded at \$1.75 to \$2. Carrots showed only slight advances. Strawberries gained 25 to 50 cents a crate at Hammond, Louisiana with the season in full swing. Klommore strawberries brought \$6.75 to \$7 per 24 pint crate at auction sales Sunday.

Most grains advanced during the week, although barley sold lower. Corn went up the most as No. 2 yellow sold around 3 1-2 cents higher at \$1.65 to \$1.68 1-2 a bushel, and No. 2 white \$1.73 1-2 to \$1.77. Wheat closed Monday at \$2.41 3-4 to \$2.47 3-4 in bulk carlots at Texas common points. Sorghums brought \$2.60 to \$2.65.

Southwest egg and poultry markets showed little change for the week. Liberal supplies of eggs found fair to good demand in the southwest. Hens remained scarce at Dallas, while all poultry was in light supply at New Orleans. Demand was good for poultry in Dallas, but trading ruled slow in New Orleans. Cotton sold 75 cents to \$1 a bale higher for the week.

Sheep and lambs sold fully steady to spots higher for the week at southwest and midwest terminals. Receipts increased at southwest yards, but declined in the midwest. Fort Worth turned good wooled slaughter ewes at \$15, while most ewes sold from \$11 to \$12 at Oklahoma City. Denver moved good and choice wooled slaughter ewes at \$14.25. San Antonio took medium and good shorn ewes and weth-

ers from \$12.50 to \$13.50. Southwest wools found better interest this week, but trade continued dull.

Steady to weaker trends prevailed at southwest and midwest cattle markets for the week despite lighter offerings. Most classes of cattle and calves shared in the week's downturn. Odd head of good cows returned \$18.50 to \$19.50 at Fort Worth, \$19 at Denver, and to \$20 at San Antonio. Oklahoma City cleared good beef cows upward to \$18.50. Houston moved canners at \$14 to \$16, and cutters at \$16 to \$18.

Hogs and sows suffered losses of \$1 to \$1.50 at southwest and midwest markets as offerings increased over the previous week. Some butcherer hogs fell as much as \$1.75 in the midwest. Good and choice medium weight butcher hogs cleared Monday at \$19.50 at San Antonio, mostly from \$19.50 to \$20 at Fort Worth and Oklahoma City, and from \$21 to \$21.25 at Denver. Sows ranged from \$14.50 to \$16.50 in the southwest.

Influenced by government buying and exports to the Philippines, southwest rice markets strengthened during the week. Peanuts held steady, but oil and meal weakened. Milfeeds continued recent upward trends, but most other feedstuffs sold lower. Southwest markets continued seasonally dull.

New Post Office Boxes Are Enroute to Hamlin

A shipment of 135 post office boxes, recently allotted to the Hamlin office, are en route here for installation. Perry Sparks, post master, said this week.

The boxes were shipped last week and should arrive within a short time. They will be installed at the rear of the post office lobby. Applications for the boxes are being taken now, Sparks said.

Conservationist Is Speaker at Rotary

James Dominy, soil conservation specialist from Abilene, was principal speaker at the Wednesday noon meeting of the Hamlin Rotary Club. Dominy was introduced by Clyde Huff, chairman of the program committee.

Dominy told about work being done in the California Creek district to save the topsoil. He pointed out the serious damage that has been done to topsoil, especially in the McCaulley area, and displayed several large pictures to illustrate his talk.

Guests for the club meeting included 13 members of the Abilene Rotary Club.

McMurry Grid Slate For Year Announced

Teams from three states will face the McMurry Indians, 1948 Texas conference champions, on the football field this fall, it was announced this week.

The schedule, as announced, provides for two home games for the Indians.

The complete schedule follows: Sept. 17, Tulsa University at Tulsa; Sept. 24, West Texas State at Canyon; Oct. 1, University of Corpus Christi at Corpus Christi; Oct. 8, Mississippi Southern at Mobile; Oct. 22, Abilene Christian at Abilene; Oct. 29, Austin College at Sherman; Nov. 5, Sull Ross at Monahans; Nov. 11 or 12, Howard Payne at Abilene; Nov. 19 Southwestern at Georgetown.

Methodists to Have Communion Service

A pre-Easter candle-light communion service will be conducted in the First Methodist Church Thursday evening, April 14, it was announced this week by the pastor, Dr. Will C. House.

The service will be similar to those held during the past several years in the local church. Communion will be served in accordance with the Methodist ritual, and preceding communion Dr. House will conduct a brief meditation period.

Chastisement Upon Him.

Rites Thursday For Long-Time Area Resident

Funeral services were conducted Thursday at 2 p. m. for Mrs. A. H. Carlton, long-time resident of the Hamlin area, who died in Callan Hospital, Rotan, at 7:30 p. m. Tuesday.

Mrs. Carlton had been in apparent good health until she suffered a heart attack early Tuesday morning.

Born in Alabama, November 28, 1872, she was Miss Lela G. Raughton before her marriage to Mr. Carlton December 27, 1894.

While she was a small child, she came with her parents to Texas, and they settled in Bell County, which was their home until they moved to Jones County. It was in Bell County that she and Mr. Carlton were married. Her husband died in 1947.

Mrs. Carlton was a long-time member of the Methodist Church, and was faithful in her attendance.

Dr. Will C. House, pastor of the First Methodist Church, was in charge of the rites, with Rev. P. E. Yarborough, of Rotan, assisting. She is survived by four sons, Marvin, Buren and Weldon, all of Hamlin, and Floyd of Abilene; two daughters, Mrs. Bill Rountree of Hamlin and Mrs. Henry Wither of Rotan; one sister, Mrs. Jess Hester of Abilene; two brothers, Wiley Raughton, Stamford and Clyde Raughton of Port Arthur.

Burial was in the Bethel Cemetery directed by Barrow Funeral Home.

Nothing Unfair About That.

Birthday Party for Mrs. Hines Tuesday

A group of friends were guests in the home of Mrs. L. E. Hines Tuesday evening, to celebrate the birthday anniversary of the hostess.

The table was centered with a large birthday cake, made by Mrs. Wayne Wainwright.

Games were played, and cake and ice cream were served, with Easter bunnies and Easter eggs as favors. Present for the occasion were Mrs. Ira Green, Mrs. W. H. Hallmark, Mrs. F. C. Briscoe, Mrs. L. B. Hopper, Mrs. J. W. Gibbons, Mrs. R. A. Wright, Mrs. H. N. Mason, Mrs. H. L. Clark, Mrs. L. Warnell, Mrs. George Wainwright, Mrs. Voshel Ewing, Mrs. Jack Bond, Mrs. G. M. Bond, J. W. Riddle, Mrs. H. M. Rawlins, Mrs. H. C. Carr, Mrs. O. R. Criswell, Mrs. S. P. Martin and the honoree, Mrs. Hines.

Mrs. Wayne Wainwright and Miss Bobbie Brown were hostess.

Gardners Are Warned On Use of Weed Killer

Gardners in Hamlin were warned this week against the indiscriminate use of 2-4-D, the chemical weed killer, in a letter from County Agent Bill Lehmborg.

This killer will work for or against you, Lehmborg said. It will kill or damage most broad-leaved plants—valuable crops as well as troublesome weeds.

Lehmborg recommended that no more than a minimum amount be used, because an overdose is almost sure to damage crops. If the weed killer is used according to directions, with amounts carefully measured, and is applied at the right time, it can be effective.

Red Cross Prompt To Move Into Area Recently Devastated By Wind Storms

The rebuilding of homes damaged or destroyed by week-end tornadoes in Oklahoma, Arkansas, and Texas is already under way as 16 American Red Cross Chapters and 16 national Red Cross staff members begin interviews with 300 families whose homes were demolished or damaged, according to John C. Wilson of St. Louis, manager of the 16-state Midwestern Red Cross Area.

Rebuilding, in which the Red Cross will replace or repair homes whose owners are unable financially to do the work themselves, is preceded by registrations for aid and interviews in which disaster and building experts plan to work on the basis of dwellings needed to restore the families to normal living, Wilson said. The rehabilitation work already under way in 2 Oklahoma, 10 Arkansas, and 4 Texas communities includes paying the costs of medical care for the injured who lack resources to meet their own bills and the replacing of household furnishings under the same conditions, Wilson added.

Meantime, the March fund campaigns of Oklahoma, Arkansas, and Texas chapters have been seeking public contributions for just such purposes, the Red Cross area manager pointed out. "It is worth noting," he said, "that for the past four years the Red Cross has been engaged almost continuously either in disaster emergency or rehabilitation work in Texas, Oklahoma, or Arkansas. Victims of the 1947 tornadoes near Woodward, Oklahoma, of the Texas City explosion almost two years ago, and of the 1947 Arkansas tornadoes who were unable to meet their own expenses still are having medical paid for by funds which the people give each March to the Red Cross. A preliminary allocation of \$100,000 has been set up for this work on behalf of last week's tornado victims. More money will be available from Red Cross disaster reserve funds contributed by the public. The extent of our aid to these people is limited only by the generosity of the public which, even now, is being asked by almost 4,000 local chapters to contribute to Red Cross so that work like this can go on.

In the three states affected, most of the Red Cross rehabilitation work centers in Crowder in Oklahoma; Whelen Springs, England, Loanoke, Prairie County, Bulltown, Beedenville, Balch, Wynne in Arkansas; and Springtown and Desdemona in Texas where disaster workers have been assigned to aid home owners whose resources are insufficient to rebuild or repair their dwellings. These same workers will aid in replacing necessary household furnishings that, Wilson pointed out, make up a large and often unrecognized part of a family's needs. Some 80 Oklahoma, 105 Arkansas, and 29 Texas houses were completely destroyed and about 20 Oklahoma, 117 Arkansas, and 65 Texas homes damaged in the tor-

nadoes.

These professional disaster workers, the Red Cross spokesman explained, are advisors to Oklahoma, Arkansas, and Texas chapters who, after giving emergency aid, are now setting up hometown committees who will advise them in determining amounts needed for rebuilding, medical care, occupational training, home repair, or household furnishings for those families affected by the storm. Awards for any purpose, Wilson emphasized, are made after planning with families involved to those wiped out by tornadoes and partial as needed is given to those whose insurance, savings, or credit is not sufficient to pay total rehabilitation costs, he explained.

"Red Cross help in rebuilding lives and homes after disaster can mean almost anything from a set of tools for a one-man carpenter business to a new home for a large family," Wilson said. "Such aid, for example, came to \$355,000 in Texas, \$15,000 in Arkansas, and \$152,000 in Oklahoma last year in post-disaster work that included payment of long-term medical bills, work training for those unable to resume their former occupations, or new repaired houses and outbuildings as well as other disaster-caused needs. The national staff workers now interviewing the stickens families plan with them and then present their needs to hometown committees who give individual and careful thought to recommending rehabilitation plans of the families."

The Red Cross manager commended volunteers of Oklahoma, Texas, and Arkansas chapters who gave emergency food, shelter, and medical care to the storm victims and gave assurances that both chapters' and national staff members would "stay on the job until the last family needing our help is back in its home and the last injured person is released as cured by his physician."

Similar Red Cross work is being carried on in Tennessee, Louisiana, and Mississippi, Wilson said, where local chapters and national workers from the Red Cross area office in Atlanta, Georgia, are already beginning rehabilitation of the victims of last week's tornadoes.

Mr. and Mrs. J. G. Smith attended the Jones County Singing Convention in Anson last Sunday afternoon.

Better Seeds for Better Crops

To ensure bigger crops for a hungry world, the United Nations Food and Agriculture Organization (FAO) is now sending hybrid seed corn to 19 countries in Europe and the Near East. In Italy, for example, hybrid corn gives up to 50 percent better yields than older types. Here members of FAO's agricultural division pack hybrid seed for other countries suffering from food shortages.

Waco Minister Heads State Baptist Group

Dr. Woodson Armes of Waco was elected president of the Texas Baptist Training Union in the convention which ended in Abilene Saturday after a three-day session.

Many members of the Hamlin First Baptist Church were in attendance at sessions of the convention.

The meeting went on record as opposing the liquor traffic, gambling on college and high school athletic contests, and the spread of communism.

Mrs. C. A. Simpkins, Mrs. Freeman Perkins, and daughter, Becky, Sue, of Rule, Mrs. Virgil Smith of Haskell, and Mrs. J. G. Smith and Mrs. Odel Mize of Hamlin visited in Abilene Saturday.

Early Diagnosis Assures Better Chances With T. B. Doctor Says

Tuberculosis has plagued mankind since before recorded history. The disease was a mystery for many centuries, for, although some of the world's earliest students recognized and described tuberculosis in advanced stages, its cause not known until late in the nineteenth century.

Then, in 1882, Dr. Robert Koch, a German physician and bacteriologist, after years of persistent and tireless research, discovered the tubercle bacillus and proved that tuberculosis is caused by this germ. Under his microscope, the tubercle bacillus looked like a thin rod, 1-10,000 of an inch long and about one-third as wide.

With the discovery of this tiny germ came the knowledge that the disease which it causes is passed from person to person. Thus we know that every new case of tuberculosis comes from an old case, and we must stop the spread of infection if we are to protect people from this disease.

Tuberculosis germs are sprayed into the air by persons with active tuberculosis when they cough or sneeze. A well person can inhale these germs from the air or get them from using the same dishes, silver, bed linen or clothing used by the person with tuberculosis.

Many people do not become ill when they first receive tuberculosis germs into their lungs. This is because the body builds a wall, or "prison," around the germs to keep them from doing serious damage. If the individual may again come in contact with tuberculosis germs, giving a second and heavier bombardment. This time, the defenses may not be able to resist the germs and the person be-

comes ill with tuberculosis.

Or, a person with "walled-in" tuberculosis germs in his lungs may become run-down through lack of proper rest and sleep, nourishing food, or from overwork or worry. This may cause the protective wall that the body has built around the tuberculosis germs to break down. The germs then escape and tuberculosis results.

Tuberculosis is an insidious disease because it is not accompanied by obvious symptoms at first. By the time obvious, apparent signs of tuberculosis appear, the disease has reached a more advanced stage when cure may be more difficult.

There is, however, a way in which tuberculosis can be detected in an early stage, before the germs have done grave damage to the lungs. It is by the chest X-ray, which can "see" the early damage caused by the disease even before the individual feels ill.

Every adult should have periodic chest X-rays and physical examinations should strike, it will be detected in an early stage when it is easiest to cure.

High School Seniors Have Picnic Thursday

Members of the senior class of Hamlin High School, with their sponsors, Mrs. Mart Farrow and Mrs. Holly Toler, were entertained with a picnic last Thursday on the Double Mountain Fork of the Brazos River, near the Aspermont highway.

The picnic was given by Mrs. John Agnew, Mrs. Carl Young, Mrs. Elmer Terrell and Mrs. Stanley Carmichael, class mothers.

Those present were Margie Hallmark, C. L. White, Betty Taylor, Betty Joyce Ray, Janet Bonner, Jackie Williams, Shirley Riley, Jimmie Lee Joiner, Joe Ford, Vannie Bea Huling, Barbara Rodgers, Peggy Terrell, Juanice Young, Dennis Johnson, Ann Agnew, Thee Hill, Lewis LaBaume, Alfred Ellison.

Dolores Jones, Wanda Evertson, Juanee Branscum, Lou Dan Branscum, J. B. May, Jimmy Feagan, Stanley Butler, Seth Adams, Clifton Townsend, Jo Nell Lail, Jo Ann Johnson, Donald Young, Becky Bowman, Nadine Blount.

Gene Westmoreland, Gladys Gregory, Melba Turner, Bobbie Bruner, Oletha Maynard, Wilma Wood, J. W. Carter, J. M. Wells, Tommie Latham, Nathan Stephens, the class sponsors and the class mothers.

Wanted 'Em Spirited.

The thin, rather tall woman was a hard-to-please patron of a Wyoming dude ranch. She complained of the food, the heat, the dust and the other patrons. Most of all she complained about the "wretched, unsprited ponies" that she was given to ride.

One morning when the wrangler offered her an old roan pony, the lady stormed: "I refuse to ride that awful horse, that cayuse. I'm accustomed to riding fine, blooded mounts. I feel uncomfortable, utterly out of place on these—these broomtails."

"Maybe you do, ma'am," drawled the weary wrangler. "Maybe you'd feel more at home just ridin' a broom."

Inscription Unnecessary.

A woman went to buy a drinking bowl for her dog, and the shopkeeper asked her if she would like one with the inscription, "For the Dog." "It really doesn't matter," she replied. "My husband never drinks water, and the dog can't read."

Shown in top picture are officers of the Hamlin Chamber of Commerce chatting with the speaker for the evening and the master of ceremonies at the banquet last Thursday evening. From left to right, Haskell Carter, president; Mrs. E. M. Wilson, secretary, Henry W. Stanley, guest speaker, W. C. Russell, vice president, and Harley Sadler, master of ceremonies. In the bottom picture are Carl Murrell, W. C. Russell and Travis Hash, recently installed directors of the chamber of commerce.

Sweetwater Students Gave Lions Program

A musical program given by three students from Sweetwater High School was presented at the Tuesday noon meeting of Hamlin Lions, with Don Smith, Sweetwater architect, introducing the numbers.

Tommy McBeth played a piano solo; Ruth Pendergrass gave a clarinet solo and Tommy Fry played a coronet solo, with McBeth playing accompaniment.

Cleo Tarter, superintendent of Sweetwater schools, and a deputy district governor of the Lions club, was introduced as a guest at the meeting.

QUESTIONS AND ANSWERS

Q—I interrupted my training under the GI Bill and now would like to resume training at once. May I go back to my classes anytime?

A—Before you resume your interrupted training, you should get a supplemental certificate of eligibility from VA.

Q—Are patients in Veterans Administration hospitals permitted unlimited participation in competitive sports?

A—Patients may participate only with the permission of the doctor in each case. An average of 43,000 veterans per month have been participating in various sports at hospitals and homes.

Q—I wish to take on-the-job training. Where should I apply?

A—Apply at your nearest VA office. Take along a certified or pho-

tostatic copy of your discharge papers. If you are married or have one or more dependents and want subsistence allowances, take along your marriage certificate and other documents that will establish your dependency claim.

Q—I have completed my on-the-job training course and have some entitlement left. I would like to take another course. May I enroll at another school?

A—You may use any remaining entitlement either for on-the-job training or for educational training with VA's prior approval.

Thorough Immunization.

Kaiser-Frazer invades new price field!

Kaiser... new price \$1995*

now world's lowest-priced big car

Our policy on prices

"It has always been our goal to put a bigger, better automobile within reach of more people. To that end, we have bought the huge factory at Willow Run, and have a great engine plant in Detroit. In Cleveland, we have acquired the world's largest blast furnace for the making of steel. Our engineering-production team and our vast dealer organization have worked overtime to reduce manufacturing and distribution costs. In line with the settled policy of our Corporation, we are giving substantial savings to the public in the form of greatly reduced prices... even sooner than we expected. Now, almost any American family can own a really big, fine car!"

Kaiser-Frazer Corporation

HENRY J. KAISER Chairman JOSEPH W. FRAZER Vice-Chairman

Happy days are here again! Today you can get a big, big 1949 Kaiser Special for only \$1,995*... a saving to you of over \$333.00! Prices of all Kaiser and Frazer models have been materially lowered. These are by far the most sweeping price revisions the automobile industry has seen.

- So, now you can buy the big car you've always wanted...
- at virtually 'little car' prices and at 'little car' economy of operation!
- Think of what this means to you and your family in terms of riding comfort, driving ease and prestige!
- Go choose your Kaiser or Frazer today. Your nearest Kaiser-Frazer Dealer can probably give you immediate delivery.
- Fair-and-square trade-in allowances... but you do not have to have a car to trade to get the benefits of Kaiser-Frazer price revisions!
- So, enjoy the comfort, luxury and safety of a new, 1949 Kaiser... the lowest-priced big car in the world!

Look what these new prices save you!

Sunrise Easter Service Planned for Stamford With Churches Coooperating

Community-wide sunrise Easter service is planned for Sunday April 17 at the sunrise hour at Harmon Park under the sponsorship of the Pierian Club. If the weather will not permit the service being held outdoors, it will be held at St. John's Methodist Church, it was announced.

Everyone in Stamford and surrounding area who would like to attend a sunrise Easter service is invited to be present and to take part.

Singers from all the churches will form a choir which will be directed by William E. Mayes.

Members of the ministerial association have been invited to make arrangements about the short sermon, the Scripture readings and prayers and that will be announced later.

The negro boys choir, which is being sponsored by the Pierian club will sing a special number. The boys will wear white robes.

The education committee of the club, composed of Mrs. Raymond Astin, Mrs. S. J. Fleming and Mrs. Crockett Apling, is making plans for the event and they and all the club especially invite everyone to take part in the service.

"There is something especially uplifting about a sunrise service on Easter morning, particularly when it can be held outdoors," Mrs. Fleming said. "We hope that everyone will be there and have a part in the service."

In 79 counties in Texas there is no professional county superintendent. The county judge is ex-officio school superintendent.

The infant of Mr. and Mrs. Odell Mize is seriously ill in Stamford Sanitarium, where it is suffering from pneumonia.

Mr. and Mrs. Joe Simpson and daughters, Faith and Carroll Jo, were guests of relatives in Abilene last Sunday.

More Than 300 Banqueted at Annual Chamber of Commerce Meet Thursday

More than 300 people from Hamlin and neighboring towns heard Henry W. Stanley of San Antonio discuss the influence of civic organizations on American history in the annual banquet of the Hamlin Chamber of Commerce last Thursday evening in elementary school gymnasium.

Visitors were introduced from Abilene, Anson, Sweetwater, McCaulley, Roby, Rotan, Aspermont, Stamford, Haskell, Celotex Sylvestor and Neinda.

The dinner was prepared by members of the Home Mailing department of Hamlin schools.

J. C. Turner Jr., introduced visiting delegations and also introduced Harley Sadler, widely known West Texas showman, who served as master of ceremonies.

Sadler, in turn, presented Stanley, the speaker of the evening. Invocation for the banquet was given by Rev. H. L. Smith, pastor of the Hamlin Nazarene Church.

Stanley, who is director of the San Antonio Chamber of Commerce manufacturers and wholesalers' department, discussed "The Influence of the Chamber of Commerce on American Life."

He said the history of America can be divided into three divisions or chapters. The first is the period of the Puritans; the second is the period of educational institutions, and the third is the new era, when business came into power.

Stanley paid tribute to the men and women who, by their thrift and investments have helped to build the large corporations and thus provide people with a higher standard of living at lower cost.

In speaking of the educational era of our national growth, the speaker pointed out that most of our greatest institutions of higher learning were established by religious groups. He said the Christian educational institution is the balance wheel of our thinking today, and is helping to equip citizens of tomorrow with education plus spiritual strength. Stanley said both of these factors are essential.

"Women in America should be interested in the work of the chamber of commerce," he said. "Women in America own more than 61 per cent of all the wealth. Women are the beneficiaries of more than 990 per cent of all life insurance policies, and they do more than 85 per cent of the buying."

The oldest chamber of commerce in the United States is the organization of the State of New York. Houston and Galveston vie each other for the honor of having the oldest civic organizations in Texas.

Your organizations should go out after tourist traffic, Stanley told the crowd. A long-time check of tourist spending in San Antonio has established that the average convention delegate or tourist will spend \$21.47 per day in a community. And that is not all to hotels, he continued.

"We're in a buyers' market now," Stanley asserted. "The situation has changed from the war years, when it was definitely a sellers' market. The man who sells merchandise must do it in the face of stiff competition. And that's all to the good. Competition is a healthy thing in a free enterprise system."

Stanley said the local business man should not be jealous of his home town competition. He said that every dollar spent in a town will help everyone in the town indirectly.

"The competition you need to fear," he said, "is that from your neighboring towns. And they're all working in an effort to get business from your normal customers."

Turner introduced recently installed officers and directors of the Chamber of Commerce. They are

Two Men Die in Accident Near Roby Saturday

Wesley L. Taylor, 38, and W. T. (Troy) Walker, 35, were killed in an automobile accident on the highway five miles east of Roby Saturday night.

Both men were from Dallas and were en route to the home of J. D. Stuarts, near Roby. Stuarts was a long-time friend of the pair.

Sheriff R. L. Wilkins, who investigated the accident said the left front tire apparently blew out, causing the car to roll over several times.

Walker died instantly in the crash and Taylor died about 30 minutes later.

Horace Mitchell, owner of a service station near the scene of the accident, said he saw the car pass his station and a moment later he heard the crash as it turned over. Mitchell said the accident took place about 7:30.

Taylor was said to be an employee of the railroad and Walker was said to be a police patrolman.

Gospel formerly meant "good story" or "glad tidings."

'The Crusades' to Be Shown in Stamford

Sponsored by the Central Christian Church of Stamford, Cecil B. DeMille's spectacular production, "The Crusades," will be shown in the Palace theater in Stamford April 13 and 14.

Proceeds from admissions will be used for building improvements at the church, it was announced.

The film, considered one of the greatest ever produced depicts scenes in the 12th century, when thousands of people lost their lives crusading for the privilege of visiting the Holy Land.

Starring in the lavish picture are Loretta Young, Henry Wilcoxon, Ian Keith, Katharine deMille, C. Aubrey Smith and Joseph Schildkraut.

Revival Is Underway In Calvary Church

A revival meeting is underway this week in the Calvary Baptist Church of Hamlin, with Rev. W. E. Nunn, former pastor in charge of the services.

The meeting opened Sunday with Rev. Whorton of Waxahachie preaching. Rev. Nunn arrived Monday from Cushing, Texas, his home, to take charge. The services will close Sunday evening.

RABBIT HUNT HELD

A community rabbit hunt was staged near Dovie, on the Hamlin-Stamford highway Thursday. The drive began at 8 a.m., and a free barbecue was served at noon.

OFFICE FORMS at The Herald.

Miss Judy Via of Breckenridge spent Sunday in Hamlin with her mother, Mrs. M. P. Via. Mrs. Joe Culbertson, also a daughter of Mrs. Via, entertained her mother and sister with a dinner Sunday in honor of Mrs. Via's birthday anniversary.
